# CENTRALIAN

# NINETEEN HUNDRED SEVENTY NINE

# THEME

This is the story of a school whose roots are deep, strong and productive — one hundred years deep, thousands of graduates strong, producing young men and women eager to perpetuate their roots.

This is the story of youth bursting with vigor, bubbling with enthusiasm, groping with knowledge, wrestling with problems, dreaming dreams and fashioning a future full of promise, love and peace.

Centralian, 1979, is not the end of our story. This is but a break with joy and pride in our accomplishment and hope and faith in the future. It is at this pause that we express sincere thanks to all who have made our story worth telling, and to all who have helped to tell our story.

The CENTRALIAN STAFF and SENIOR CLASS

# Dedication

Mrs. Gloria Allen, a former teacher of English devoted her nine years of teaching to Central High School. She also devoted her time as sponsor of the girls drill team. Her time and effort she put forth earned her the respect from teachers and students.

Mrs. Allen graduated from Grambling State University in Louisiana and Kansas State University at Pittsburg.

To Mrs. Gloria Allen, who has shown her Eagle spirit, we congratulate you on your new position. We feel our fellow Centralites are saying .....

GOOD LUCK!

## We Are Proud Of You.

We are very pleased with the progress of our student body at Central High School, thus far into the 1978-1979 school year. As I observed the Honor Roll for the first grading period, I was happy to see the names of about 150 of our students on the list.

Also published from the Guidance Center was a list of students with Perfect Attendance. I would like to take this opportunity to encourage more of our students to strive for perfect attendance in order that there can be an increasing number each grading period.

There has been a definite improvement in the attitudes and cooperation of the students at Central High School. For this we are grateful. Each student enrolled in our school has a certain responsibility and a certain duty to perform. If we can be assured of this kind of cooperation from all of our students, then Central High School will continue to improve.

We look forward to the 1979-1979 school year as being one of the better years in the history of Central High School.

D.L. Britton

Daniel L. Britton

Principal,
Central High School

The 1978-1979 school year has proven to be a challenging and rewarding educational experience at Central High School. It is my pleasure to be a part of this faculty and community, working to promote a sound educational program. I also count it a privilege to be associated with this student body. I challenge the faculty and student body to be even more productive, better disciplined, self-reliant and developers of positive attitudes. The future looks bright, but just saying it will not make it happen. We must all strive for excellence.

Jack P. Cummins

Jack P. Cummins

Assistant Principal,
Central High School

Working at Central has been rewarding over the years. Many joyous thoughts come to mind as reflections are made of the many personalities that have made this school great. Words cannot describe the experience of watching you move from childhood to adulthood.

Centralites, you are charged with our future. We can be no stronger than you make us. Do not under prepare. Hard work and sacrifice are the keys to success. Remember, it is not enough to prepare as will as the next person. You must be the best.

A diploma's very special-
It's like a golden key
That turns the lock on any door
Marked ''opportunity''

But one thing to remember
If you want to get inside-
It's up to you to give the nudge
That swings it open wide

And it's up to you to take the lea
Once you're inside the door
To see if what's behind it
Is what you've been looking for

Then if it is, you have to mold it
Push it, tug it, too
Till that opportunity becomes
A big success for you

So use your key, but be aware
It's just a key at best
And remember that it's up to you
To go and do the rest

This metamorphic game seemed
never to end---
though not a game,
for games are played,
played at, into, around and

My game is you---
my game ceased to be enjoyed,
then
I realized that it was not a game,

sparkled like a

David Ersery - Chief Editor

As editor of the 1978 & 1979 yearbook I feel that the yearbook staff has done their best at making this book a success. I'm hoping that in the future years to come the Publication Staff will improve the book if needed.

I hope all of you loyal Centralites will be appreciative for the work we have done. I also would like to congradulate all of you graduating seniors. Hopefully we as seniors can cope with the world that we're about to go out into.

I'd like to give a special thanks to everyone who made this book a success.

Vanessa Haskins - Co-Chief Editor, Ass. Editor, typist

As assistant to the editor of the 1978 & 1979 Centralian, I felt privileged to be able to do something for my school that we all can look back on as memories worth cheerishing. With our many setbacks I can say that the 78-79 yearbook staff has done exceptionally well, and I can also say that we could have done better.

I hope that the forth coming students of Central High School will have the opportunity to have a yearbook, and their yearbooks will grow to better as years pass. Thanks to the yearbook staff and to all who played a role in preparation of the Centralian.

# Epilogue

We the graduating class of 1978-79, known as the class of smallest quantity, are leaving as the one with the largest quality.

Although we have suffered through two strikes, and the separation of our class as a result of plan 6-C, we have managed to maintain our stability and character.

We have played a major role in the birth of the Central Alumni Association, the Central Pride Association, the Excel Program in Kansas City, and have been commended as one of the best classes to come through Central High School.

We leave our steadfastness and dedication to the Class of 1980, and encourage them to follow in our footsteps of ambition.

We have come to the middle of our journey and would like to thank our parents, teachers, and wellwishers who have helped us thus far along the way.
